

Name: SHANKAR M	
Qualification: PhD from Bharath university – Chennai – Tamil nadu- India	
Designation: Professor	
Department : Electrical & Electronics Engineering	Research Interest: Embedded Systems
Membership : Nil	Recent Publication: Implementation Of Space Vector Pulse Width Modulation Technique With Genetic Algorithm To Optimize Unified Power Quality Conditioner
Mobile No. : 9943299165	Awards/achievements: Nil
Email- id : Shankar.m@cittumkur.org	Subjects Taught: <ol style="list-style-type: none"> 1. Basic Electrical Engineering 2. Electrical & Electronic Measurements 3. Power System Operation and Control 4. Transformer & Generators 5. Electrical Power Utilization 6. Transmission & Distribution 7. Switchgear & protection 8. Embedded system 9. Parallel processors
Technical skills: MATLAB PSPICE
